

# London - Paris Exchange Programme June 2018

**Traveling, Learning and Gaining Autonomy in Cultural Immersion**

La Fondation  
de toutes les causes

# Travel and Host

Host a French teen

and

Travel to France with a host  
family that knows your disability

## How does it work?

The FOXP2 online platform will connect you with a **French family** with a neuroatypical teen (DYS, ADHD, Asperger etc.) who wants to go to England.

- Your family will receive a young Frenchman to share **5 days** of breakfast and laughs

### **After the 5 days...**

- Your teen will go to Paris and will be received by a host family to **share 5 days** of croissants, and tourist discovery.

# Our association

## FOXP2

- Is a non-profit association, created in 2016
- Our platform connects families who are aware of the same disability but do not speak the same language
- It provides two services:
  - An online platform [www.foxp2.eu](http://www.foxp2.eu) (free)
  - A language exchange program (30 pounds)

# Why should my teen go to Paris?

- To discover another culture in immersion
- To have an experience of autonomy
- To connect with families abroad
- This experience may open doors for new perspectives in Europe

## Why with FOXP2?

- Because of its reduced price
- Your teen will have a close contact with the association and the project Manager.

# Who can participate?

## Teenagers or young adults

- 15 to 25 years old

## Neuroatypical

- DYS, Asperger, ADHD

## Living in England

- Preferably in London for easier access.
